

Advisory Services

Philanthropy, government, businesses, and community organizations each play a role in addressing our crisis of disconnection. We help them take action, grounded in the latest evidence.

We support our partners with:

- **Discovery & Sensemaking**
- **Program Design & Tool Development**
- **Measurement & Evaluation**
- **Technical Assistance**
- **Workshops & Public Speaking**
- **Field Building & Convening**

To speak to us about partnering, contact info@social-connection.org

To learn about past partnerships, scan the QR code below.

Discovery & Sensemaking

We conduct deep-dive assessments to identify the specific assets, barriers, and challenges. By exploring existing efforts, we pinpoint critical gaps in social connection to help you move from broad information to clear action.

[Learn about One More Hour →](#)

Workshops & Public Speaking

We lead dynamic speaking engagements and hands-on workshops designed to move audiences from awareness to action. We leverage data to inform compelling narratives in digestible, tangible formats for impact reports and strategic communications.

[Learn about our Community Listening Sessions →](#)

Program Design & Tool Development

We move partners from vision to action by designing initiatives rooted in the latest research to mitigate social isolation and cultivate deeper community connection.

[Ask us about our upcoming Measurement Toolkit](#)

Technical Assistance

We provide the expertise needed to ensure local initiatives are grounded in the latest research, embedding into practical, everyday application. We focus on equipping partners with the tools and knowledge to strengthen social bonds, ensuring community improvements are sustained long-term.

[Learn about our Action Guide cohorts →](#)

Measurement & Evaluation

Our evaluation support ensures that your data collection protocols are aligned with your specific organizational goals and desired community outcomes. From designing and planning to collecting, analyzing, and presenting final data, our partnership with leading researchers helps manage the full research arc. We go beyond raw numbers to generate insights that foster a culture of continuous learning and inform future strategy.

Field Building & Convening

We lead purpose-built convenings and working groups that transform abstract social connection concepts into collaborative, community-driven action.
